References in this Prospectus to the Bonds being "listed" (and all related references) shall mean that the Bonds have been listed on the Official List and admitted to trading on the Luxembourg Stock Exchange's regulated market. The Luxembourg Stock Exchange's regulated market is a regulated market for the purposes of Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments.

The €500,000,000 aggregate principal amount of 7.625 per cent. Bonds due 4 November 2016 (the "Bonds") of Rallye ("Rallye" or the "Issuer") will be issued outside the Republic of France and will mature, unless previously redeemed or purchased and cancelled, on 4 November 2016 at their principal amount (subject to below), as set forth in "Terms and Conditions of the Bonds - Redemption and Purchase" and "Terms and Conditions of the Bonds - Events of Default; Illegality".

The Bonds will bear interest at the rate of 7.625 per cent. per annum from, and including, 4 November 2009 to, but excluding, 4 November 2016. The Bonds have been accepted for clearance through Euroclear France, Clearstream Banking, société anonyme ("Clearstream, Luxembourg") and Euroclear Bank SA/N.V. ("Euroclear"). The Bonds will on the Issue Date be inscribed (inscription en compte) in the books of Euroclear France which shall credit the accounts of the Account Holders (as defined in "Terms and Conditions of the Bonds - Form, Denomination and Title" below) including Euroclear and the depositary bank for Clearstream, Luxembourg.

The Bonds will be issued in dematerialised bearer form in the denomination of €50,000 each. The Bonds will at all times be represented in book entry form (inscription en compte) in the books of the Account Holders in compliance with Articles L.211-3 and R-211-1 of the French Code monétaire et financier. No physical document of title (including certificats représentatifs pursuant to Article R.211-7 of the French Code monétaire et financier) will be issued in respect of the Bonds.

The Bonds may be redeemed at the option of the Bondholders at 100 per cent. of their principal amount together with accrued interest up to the effective date of redemption in the event of a change of control of Casino Guichard-Perrachon ("Casino") (see "Terms and Conditions of the Bonds - Redemption and Purchase - Early Redemption at the Option of the Bondholders in the event of a change of control of Casino").

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or with any securities regulatory authority of any state or other jurisdiction of the United States. Accordingly, the Bonds are being offered and sold only outside the United States to non-U.S. persons in offshore transactions in reliance on Regulation S under the Securities Act.

The Issuer accepts responsibility for the information contained in this Prospectus accordingly.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Bonds are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with the Bonds for other reasons, and the Issuer does not represent that the statements below regarding the risks of holding the Bonds are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

I. Risk factors relating to the Issuer

See section “Documents incorporated by reference”.

II. Risk factors relating to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk and interest rate risk:

The secondary market generally

The Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Bonds in the secondary market in which case the market or trading price and liquidity may be adversely affected or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in Euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than Euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of Euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to pay additional amounts payable in respect of any Bonds due to any withholding as provided in Condition 4(b), the Issuer may redeem all outstanding Bonds in accordance with such Terms and Conditions.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

Depending on the number of Bonds in respect of which the put option provided in Condition 4(g) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid.

Market value of the Bonds

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Bonds are traded. The price at which a holder of Bonds will be able to sell the Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Change of law

The Terms and Conditions of the Bonds are based on the laws of France in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to the laws of France or administrative practice after the date of this Prospectus. Furthermore, the Issuer operates in a heavily regulated environment and has to comply with extensive regulations in France and elsewhere. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French Insolvency Law

Under French insolvency law as amended by ordinance n°2008-1345 dated 18 December 2008 which came into force on 15 February 2009, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a preservation (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Bonds), whether or not under a debt issuance programme (EMTN) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard (*projet de plan de sauvegarde*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Bonds) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Bondholders described in this Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Bonds. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Prospectus.

EU Savings Directive

On 3 June 2003, the European Council of Economic and Finance Ministers adopted a directive 2003/48/CE regarding the taxation of savings income in the form of interest payments (the "**Directive**"). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State, except that, for a transitional period, Belgium, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Bond as a result of the imposition of such withholding tax.

TERMS AND CONDITIONS OF THE BONDS

The terms and conditions of the Bonds will be as follows:

The issue outside the Republic of France of €500,000,000 7.625 per cent. Bonds due 4 November 2016 of €50,000 principal amount per Bond (the "**Bonds**") of Rallye, a French *société anonyme* (the "**Issuer**"), was authorised by the *Président Directeur Général* of the Issuer on 16 October 2009, pursuant to a resolution of the *Conseil d'Administration* adopted on 14 October 2009.

The Issuer has entered into an agency agreement with BNP Paribas Securities Services as fiscal agent and paying agent on 4 November 2009 (the "**Agency Agreement**"). The fiscal agent and paying agent for the time being are referred to in these Conditions as the "**Fiscal Agent**", and the "**Paying Agent**". Each of such expressions shall include the successors from time to time of the relevant persons, in such capacities, under the Agency Agreement, and are collectively referred to as the "**Agents**". Certain statements in these terms and conditions are summaries of, and are subject to, the detailed provisions of the Agency Agreement, copies of which are available without charge at the specified office of the Paying Agent. Holders of the Bonds (the "**Bondholders**") are deemed to have notice of the provisions of the Agency Agreement and are entitled to the benefit of those provisions which relate to their rights under the Bonds. References below to "**Conditions**" are, unless the context otherwise requires, to the numbered paragraphs contained in the terms and conditions set forth herein.

1. Form, Denomination and Title

The Bonds will be issued on 4 November 2009 (the "**Issue Date**") in dematerialised (*dématérialisé*) bearer form (*au porteur*) in the denomination of €50,000 per Bond. Title to the Bonds will be established and evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France ("**Euroclear France**"), which shall credit the accounts of the Euroclear France Account Holders. For the purpose of these Conditions, "**Account Holder**" shall mean any financial intermediary institution entitled to hold accounts on behalf of its customers with Euroclear France, and includes the depositary bank for Clearstream Banking *société anonyme* ("**Clearstream**") and Euroclear Bank S.A./N.V. ("**Euroclear**").

Title to the Bonds shall be evidenced by entries in the books of the Account Holders, and transfer of Bonds may only be effected through registration of the transfer in such books.

2. Status and Negative Pledge

(a) *Status of the Bonds*

The obligations of the Issuer in respect of the Bonds constitute direct, unconditional, (subject as provided below) unsecured and unsubordinated obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated indebtedness and monetary obligations of the Issuer.

(b) *Negative Pledge*

So long as any of the Bonds remains outstanding, the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien (other than a lien arising by operation of law) or other form of encumbrance or security interest (*sûreté réelle*) ("**Security**"), except for any Security securing an amount up to €160 million in respect of the Issuer's assets other than the ordinary shares issued by Casino Guichard-Perrachon ("**Casino**") or other securities giving right to receive (through conversion, exchange, subscription or otherwise) equity securities issued by Casino (it being understood that an escrow arrangement (*séquestre*) is not a Security for the purposes hereof), upon the whole or any part of its undertaking, assets or revenues, present or future (including any uncalled capital), to secure any Capital Market Indebtedness, or any guarantee of or indemnity in respect of any Capital Market Indebtedness (as defined below) unless, at the same time or prior thereto, its obligations under the Bonds (A) are secured equally and rateably therewith or (B) have the benefit of such other security or other arrangement as shall be approved by the *Masse* (as defined in Condition 9) pursuant to Condition 9.

For the purposes of this Condition, "**Capital Market Indebtedness**" means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) or other securities (including *titres de créances négociables*) which are for the time being, or are capable of being, quoted, listed or ordinarily dealt in on any stock exchange, over-the-counter market or other securities market.

3. Interest

The Bonds will bear interest from, and including, 4 November 2009 at the rate of 7.625 per cent. per year (calculated on the principal amount of the Bonds) payable annually in arrears on 4 November of each year (each, an "**Interest Payment Date**"), commencing on 4 November 2010.

Interest will be calculated on an Actual/Actual (ICMA) basis. Where interest is to be calculated in respect of a period which is equal to or shorter than an Interest Period (as defined below), it shall be calculated on the basis of the number of days elapsed in the relevant period, from and including the date from which interest begins to accrue to but excluding the date on which it falls due, divided by the number of days in the Interest

Period in which the relevant period falls (including the first but excluding the last day of such period). The period from and including the Interest Commencement Date to but excluding the first Interest Payment Date and each successive period from and including an Interest Payment Date to but excluding the next Interest Payment Date is called an "**Interest Period**".

Each Bond will cease to bear interest from the date on which it is to be redeemed, whether at maturity or earlier, unless payment of the full amount due in respect of the Bond is improperly withheld or refused on such due date. In such latter event, such Bond shall continue to bear interest in accordance with this Condition (both before and after any judgment) until whichever is the earlier of (a) the day on which all sums due in respect of such Bond up to that day are received by or on behalf of the relevant Bondholder, and (b) the day after the Fiscal Agent has notified Bondholders in accordance with Condition 10 of receipt of all sums due in respect of all Bonds up to that day (except if and to the extent that the subsequent payment to the relevant Bondholders is not made in accordance with these Conditions).

Interest payments will be made subject to, and in accordance with, the provisions of Condition 5 below.

4. Redemption and Purchase

The Bonds may not be redeemed other than in accordance with this Condition 4 or Condition 7.

(a) *Redemption at Maturity*

Unless previously redeemed or purchased and cancelled, the Bonds will be redeemed in cash at their principal amount (€50,000 per Bond) on 4 November 2016 (the "**Maturity Date**").

(b) *Early Redemption at the Option of the Issuer for Taxation Reasons*

- (i) If, by reason of any change or amendment to the laws or regulations of the Republic of France or any authority therein or thereof having power to tax, or any change in the official application or interpretation of such laws or regulations, becoming effective after 4 November 2009 the Issuer would, on the occasion of the next payment of principal or interest due in respect of the Bonds, not be able to make such payment without having to pay additional amounts as specified under Condition 6 below, the Issuer may at any time, subject to having given not more than 45 nor less than 30 days' notice to the Bondholders (which notice shall be irrevocable), in accordance with Condition 10, redeem all, but not some only, of the Bonds at their principal amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest reasonably practicable date on which

- (ii) If the Issuer would on the occasion of the next payment in respect of the Bonds be prevented by French law from making payment to the Bondholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and shall forthwith redeem all, but not some only, of the Bonds then outstanding at their principal amount plus any accrued interest up to the effective date of redemption upon giving not less than seven, nor more than 30 days' prior notice to the Bondholders (which notice shall be irrevocable) in accordance with Condition 10, provided that the due date for redemption of which notice hereunder shall be given shall be the latest reasonably practicable date on which the Issuer could make payment of principal or interest without withholding for French taxes or, if such date is past, as soon as practicable thereafter.

(c) ***Notice of redemption***

All Bonds in respect of which any notice of redemption is given by the Issuer under this Condition shall be redeemed on the date specified in such notice in accordance with this Condition.

(d) ***Early Redemption at the Option of the Bondholders in the event of a change of control of Casino***

Any Change of Control shall be notified within 5 Business Days of its occurrence, to the Bondholders by the Issuer in accordance with Condition 10 and to the Luxembourg Stock Exchange, irrespective of whether the Change of Control results from a decrease of the Issuer's shareholding in Casino or from the increase of the shareholding in Casino of any other party.

Any such notification will indicate the date of the Change of Control, the period in which the early redemption of the Bonds may be requested, the effective date of redemption and the Early Redemption Price. The period when early redemption may be requested will run for at least 20 Business Days following the notification of the Change of Control to the Bondholders by the Issuer in accordance with Condition 10. To request the early redemption of its Bonds, the Bondholder must transfer or cause to be transferred by its Account Holder (who holds the Bonds on behalf of the Bondholder in its book entries) its Bonds to be so redeemed to the

account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer not later than the last Business Day of the above-mentioned early redemption period together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of the Paying Agent (a "**Put Option Notice**") and in which the Bondholder may specify a bank account to which payment is to be made under this section

A Put Option Notice once given is irrevocable and the Issuer will be required to redeem all Bonds in respect of which such Put Option Notice has been given as set out above no later than the tenth Business Day following the last day of the early redemption period set out above.

For the purposes of these Conditions:

(e) **Purchases**

The Issuer or any of its subsidiaries may, in accordance with all applicable laws and regulations, at any time purchase Bonds for a cash consideration or otherwise, at any price and at any condition, whether on or off the stock exchange, whether by means of a public offer or a public exchange offer or otherwise.

A Put Option Notice once given is irrevocable and the Issuer will be required to redeem all Bonds in respect of which such Put Option Notice has been given as set out above no later than the tenth Business Day following the last day of the early redemption period set out above.

5. *Payments*

(a) *Method of Payment*

Payments of principal, interest and other amounts on the Bonds will, in all cases, be made subject to any applicable fiscal or other laws and regulations in the place of payment. No commission or expenses shall be charged by the Issuer or the Agents to the Bondholders in respect of such payments.

(b) *Payments on Business Days*

The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or any Paying Agent and/or appoint additional or other Paying Agent or approve any change in the office through which any such Agent acts, provided that there will at all times be a Fiscal Agent and a Paying Agent having a specified office in a European city. The Issuer undertakes that it will ensure that it maintains a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive.

30 calendar days' notice thereof shall have been given to the Bondholders by the Issuer in accordance with Condition 10.

6. Tax Status

(a) Tax exemption

The Bonds which constitute *obligations* under French law are deemed to be issued outside France for the purpose of Article 131 *quater* of the *Code Général des Impôts* (French General Tax Code) pursuant to the French tax authorisation rulings 2007/59 (FP) dated 8 January 2008 and 2009/23 (FP) dated 7 April 2009. Accordingly, interest and other revenues in respect of the Bonds benefit at present from the exemption from the withholding tax set out under Article 125A III of the *Code Général des Impôts*. As a result, such payments do not give the right to any tax credit from any French source. Payments in respect of the Bonds will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by, or on behalf of, the Republic of France or any authority therein or thereof having power to tax ("**Taxes**"), unless the withholding or deduction of such Taxes is required by law.

(b) Additional Amounts

If French law should require that payments of principal or interest in respect of any Bond be subject to deduction or withholding in respect of any present or future taxes, duties, assessments or other governmental charges of whatever nature imposed or levied by or on behalf of the Republic of France or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the holder of each Bond, after such deduction or withholding, will receive the full amount then due and payable thereon in the absence of such withholding, except that no such additional amounts shall be payable with respect to any Bond:

- (i) to, or to a third party on behalf of, a Bondholder who is subject to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with the Republic of France other than the mere holding of such Bond; or
- (ii) to or on behalf of a holder (or beneficial owner (*ayant droit*)) who could avoid such deduction or withholding by making a declaration of non-residence or similar claim for exemption but fails to do so; or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to the European Council Directive 2003/48/EC or any other European Union Directive on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26 and 27

November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (iv) to or on behalf of a holder with respect to any tax which is payable otherwise than by deduction or withholding from payments made under or with respect to any Bond.

Any references in these Conditions to principal and interest in respect of the Bonds shall be deemed also to refer to any additional amounts which may be payable under the provisions of this Condition 6(b).

7. **Events of Default; Illegality**

(a) ***Events of Default***

If any of the following events (each an "**Event of Default**") shall have occurred and be continuing:

- (i) default by the Issuer in any payment when due of principal or interest in respect of any of the Bonds if such default shall not have been remedied within 15 calendar days thereafter; or
- (ii) default by the Issuer in the performance of, or compliance with, any of its other obligations under the Bonds (other than as referred to in Condition 7(a)(i)), if such default shall not have been remedied within 30 calendar days after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 9 and requiring the same to be remedied); or
- (iii) the Issuer makes any proposal for a general moratorium in relation to its debts; or applies for the appointment of a *mandataire ad hoc* under French bankruptcy law or enter into a conciliation procedure (*procédure de conciliation*) with its creditors; or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for the transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer; or, to the extent permitted by applicable law, if the Issuer is subject to any other insolvency or bankruptcy proceedings; or if the Issuer is wound up or dissolved, except for the purposes of an amalgamation, reorganisation, consolidation, merger or spin-off which is implemented and the resulting entity of which assumes the obligations of the Issuer under the Bonds; or any event which under the laws of any relevant jurisdiction has an analogous or equivalent effect to any of the events mentioned in this Condition 7(a)(iii); or
- (iv) if the Issuer fails to pay any other present or future indebtedness of the Issuer for moneys borrowed or raised in an aggregate amount exceeding €5,000,000 or its equivalent in any other currency or currencies when it becomes due and repayable prior to its stated maturity by reason of a default in relation thereto

or if any such indebtedness is not paid at maturity as extended by any applicable grace period or if any guarantee or indemnity in respect of any such indebtedness of any person given by the Issuer is not honored when due and called upon or within any applicable grace period as originally provided, and any such default shall not have been remedied within 30 calendar days thereafter, unless the Issuer contests in good faith that such indebtedness is due or the validity of the calling of the guarantee or indemnity, and such dispute has been submitted to a competent court, in which case such event shall not constitute an Event of Default hereunder so long as a definitive judgement has not been rendered;

then the Representative may, pursuant to a majority decision of the general Bondholders' meeting, by notice in writing to the Fiscal Agent given on behalf of any of the Bondholders, before all continuing Events of Default shall have been remedied, cause the Bonds to become immediately due and payable whereupon they shall become immediately due and payable in cash without further formality on the tenth Business Day following the date of such notice at their principal amount plus any accrued interest up to the effective date of payment. Notice of the fact that the Bonds have become due and payable pursuant to this Condition 7(a) shall be given by the Issuer, failing whom the Representative, to the Bondholders in accordance with Condition 10 not later than the second Business Day following the date of the Representative's notice to the Fiscal Agent.

(b) *Illegality*

If it is or will become unlawful (whether or not due to the failure to obtain, or the revocation, expiry or withdrawal of, any authorisation referred to in Condition 8 for the Issuer to perform or comply with any material obligation under the Bonds ("**Illegality**"), and such Illegality shall not have been avoided or remedied (or these Conditions amended by mutual consent of the Issuer and the *Masse*, as defined in Condition 9) within 30 calendar days after the date of default in the performance of the relevant obligation by reason of such Illegality;

then

- (i) the Representative may, by notice in writing to the Fiscal Agent given on behalf of any of the Bondholders before the continuing Illegality shall have been remedied, cause the Bonds to become immediately due and payable whereupon they shall become immediately due and payable in cash without further formality on the tenth Business Day following the date of such notice at their principal amount plus any accrued interest up to the effective date of payment. Notice of the fact that the Bonds have become due and payable pursuant to this Condition 7(b) shall be given by the Issuer, failing whom the Representative, to the Bondholders in accordance with Condition 10 not later than the second Business Day following the date of the Representative's notice to the Fiscal Agent; or

- (ii) the Issuer may redeem all, but not some only, of the outstanding Bonds, by giving not less than 15 days' notice of such redemption, indicating the date of redemption, in accordance with Condition 10 (which notice shall be irrevocable). In such case, the Bonds will be redeemed at their principal amount together with any accrued interest up to the effective date of redemption.

8. Issuer Authorisation

If at any time an authorisation becomes necessary to permit the Issuer to pay the principal of, or interest on, the Bonds as a result of any change in the official application of, or any amendment to, the laws or regulations of France, the Issuer shall immediately apply for the necessary authorisations and forthwith provide copies of such application to the Fiscal Agent. The Issuer shall provide copies of such authorisations to the Fiscal Agent within a reasonable period after they are obtained.

9. Representation of the Bondholders

The Bondholders will be grouped, for the defense of their respective common interests, in a single *masse* (hereinafter referred to as the "*Masse*").

The *Masse* will be governed by the provisions of the Code with the exception of the provisions of Articles L.228-48, L.228-59, L.228-65 II, R.228-63, R.228-67, R.228-69 and R.228-72, thereof, of the Code as amended by the conditions set forth below, provided that notices calling a general meeting of the Bondholders (a "**General Meeting**") and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 10 below.

The Bonds being issued outside the Republic of France, the *Masse* is, in accordance with Article L.228-90 of the Code, governed solely by the legal provisions which are expressed as applicable to the Bonds as stated above and subject to the foregoing paragraphs.

(a) Legal Personality

The *Masse* will be a separate legal entity, by virtue of Article L.228-46 of the Code acting in part through one representative (the "**Representative**") and in part through a General Meeting.

The *Masse* alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds.

France

In the event of death, retirement or revocation of the Representative, such Representative will be replaced by the alternative representative named above.

All references to the “Representative” will be deemed to be references to the “alternative representative”. The alternative representative shall have the same powers as the Representative.

In the event of death, incompatibility, resignation or revocation of the alternative representative, a replacement representative will be elected by a meeting of the general assembly of the Bondholders.

The Issuer shall pay to the Representative an amount of €300 per year.

All interested parties will at all times have the right to obtain the names and the addresses of the Representative at the head office of the Issuer and at the office of the Paying Agent.

All legal proceedings by or against the Bondholders must be brought by or against the Representative, and any legal proceedings which shall not be brought in accordance with this provision shall not be legally valid.

The Representative may not interfere in the management of the affairs of the Issuer.

(d) *General Meetings*

General Meetings may be held at any time, on convocation either by the Issuer or the Representative. One or more Bondholders, holding together at least one-thirtieth of outstanding Bonds may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months from such demand, such Bondholders may commission one of themselves to petition the competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any General Meeting will be published as provided in Condition 10 not less than 15 days prior to the date of the General Meeting for the first convocation and not less than six days for a second convocation.

Each Bondholder has the right to participate in General Meetings in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify¹, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

(e) *Powers of General Meetings*

A General Meeting is empowered to deliberate on the fixing of the remuneration of the Representative and on their dismissal and replacement, and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds, including authorising the Representative to act at law as plaintiff or defendant.

¹ *The statutes of the Issuer contemplate the right for a Bondholder to participate in a General Meeting by videoconference or any other means of telecommunication allowing the identification of the participating Bondholders (articles 18 and 25-paragraph IV of the statutes).*

A General Meeting may further deliberate on any proposal relating to the modification of these Conditions, including:

- (i) any proposal whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions; and
- (ii) any proposal relating to the issue of securities carrying a right of preference compared to the rights of Bondholders; it being specified, however, that a General Meeting may not increase amounts payable by the Bondholders, nor establish any unequal treatment between the Bondholders, nor decide to convert the Bonds into shares of the Issuer or any other entity.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by the Bondholders attending such meeting or represented thereat.

In accordance with Article R.228-71 of the Code, the right of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting.

(f) *Information to the Bondholders*

(g) *Expenses*

The Issuer will pay all reasonable expenses incurred in the operation of the *Masse*, including expenses relating to the calling and holding of meetings and remuneration of the Representative, and more generally all reasonable administrative expenses resolved upon by a General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable on the Bonds.

(h) *Notice of Decisions*

Decisions of the meetings shall be published in accordance with the provisions set forth in Condition 10 not more than 90 days from the date thereof.

10. Notices

Any notice to the Bondholders shall be valid if delivered to the Bondholders through Euroclear France, Euroclear and Clearstream, Luxembourg, provided that as long as the Bonds are admitted to trading on the regulated market of the Luxembourg Stock Exchange and the rules of that stock exchange so require, such notice shall also be published in a leading daily newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the Luxembourg Stock Exchange website (*www.bourse.lu*). Any such notice shall be deemed to have been given on the date of delivery of such notice to Euroclear France, Euroclear and Clearstream, Luxembourg or, where relevant and if later, the date of such publication or, if published more than once or on different dates, on the first date on which such publication is made.

11. Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed ten years (in the case of principal) and five years (in the case of interest) from the due date for payment thereof.

12. Further Issues

The Issuer may from time to time without the consent of the Bondholder issue further bonds to be assimilated (*assimilables*) with the Bonds as regards their financial service, provided that such further bonds and the Bonds shall carry rights identical in all respects (or in all respects except in respect of the amount, the issue price or for the first payment of interest thereon) and that the terms of such further bonds shall provide for such assimilation. In the event of such assimilation, the Bondholders and the holders of any assimilated bonds may, for the defence of their common interests, be grouped in a *masse* having legal personality.

13. Governing Law and Jurisdiction

The Bonds are governed by the laws and Republic of France.

The Courts having jurisdiction over disputes in which the Issuer is the defendant, will be those within the jurisdiction of the *Cour d'Appel* of Paris and, in other cases, will be those designated in accordance with the nature of the dispute, unless otherwise provided by the French Civil Procedure Code (*Code de Procédure Civile*).

Sale of Super de Boer assets and liabilities to Jumbo at a price equivalent to €4.82 per share (19 October 2009)

Casino's debt to be reduced by some €400 million

Super de Boer, a 57 per cent.-owned subsidiary of Casino, has announced the signature, on Sunday, 18 October, of an agreement with Jumbo for the sale of its total assets and liabilities for approximately €550 million, representing the equivalent of €4.82 per share. This price values the business at 13.9x estimated 2009 EBITDA¹ and generates a gross capital gain of some €60 million for Casino.

The transaction is subject to the customary conditions precedent and must be approved by a simple majority of Super de Boer shareholders at an Extraordinary Meeting to be held for this purpose before the end of the year. Casino has given an undertaking to Super de Boer and Jumbo to vote in favour of the sale.

Following the sale of its assets and liabilities to Jumbo, in principle before the end of the year, Super de Boer plans to distribute the sale proceeds to its shareholders. This is expected to be done by liquidating the company.

The transaction will allow Groupe Casino to reduce its debt by around €400 million. It represents a key milestone in the €1 billion asset disposal programme to be completed by the end of next year, which is designed to give the Group increased financial flexibility.

Casino launched a new business in the photovoltaic energy sector through dedicated subsidiary GreenYellow (19 October 2009)

First implementations on Reunion Island, the pilot deployment area

Casino has created GreenYellow, a wholly - owned subsidiary that will develop photovoltaic (PV) systems on store roofs and parking lot shade structures. The new venture will leverage the Group's expertise in property development, construction and operation, as well as the favourable geographic location of its stores, a majority of which are in sunny regions. One example is Reunion Island, where the Group's Indian Ocean subsidiary Vindémia is a partner in creating value from this promising business.

As a designer and promoter of solar power generating systems, GreenYellow has defined an ambitious development programme that initially involves equipping all of the Group's sites located in the south of a Bordeaux - Grenoble line, as well as in Corsica and Reunion Island. This represents potential capacity of more than 250 MW. Further out, non - Group clients will be able to benefit from GreenYellow's expertise to equip their parking lots, commercial and industrial buildings with rooftop PV systems.

¹ Based on the consensus among brokers covering Super de Boer

For this purpose, GreenYellow has forged strong ties with such recognised specialists as SMAC (Bouygues) for sealing, Schneider Electric for electrical equipment and Sunpower for ultra - high - performance solar panels. For its projects on Reunion Island, it has selected local companies to build the PV systems, including SETB, Ineo and civil engineering contractors GTOI, Léon Grosse and SBTPC.

GreenYellow has also designed a specific PV shade structure for parking lots. This sophisticated manufactured structure's metal frame and special foundations are designed to withstand harsh weather conditions, as those for instance experienced by Reunion Island. Shoppers will benefit from more comfortable parking conditions, such as protection from sun and rain. GreenYellow worked with GagnePark, a specialised SME in central France, to develop this new product.

A first trial was carried out in April 2009 at Vindémia's Jumbo store in Le Port on Reunion Island, involving four shade structures, 150 PV panels and 20 parking spaces. Deployment began in September 2009, with the construction of eight solar power generating systems offering a combined capacity of 17.5 MW. Six units will be located on Reunion Island, at Jumbo stores in Le Port, Saint André, Saint Benoît, Savannah and Sainte Marie and a Score outlet in Saint Pierre. The other two will be built in Mayotte, at the Jumbo in Mamoudzou, and in mainland France, at the Géant Casino in Istres.

The systems are scheduled to come on stream in first - half 2010, with the goal of deploying 70 MW of capacity by 2012.

In its role as the developer of one of the Green Energy Revolution Reunion Island (GERRI) programme's flagship projects, GreenYellow is establishing strong partnerships with local communities in the areas of sustainable development, as well as employment and training. For instance, discussions are underway with the Reunion General Council for the inclusion in outsourcing contracts of a clause requiring worksite job opportunities to be offered to the disadvantaged. Other initiatives include internships for students, experimental research opportunities for PhD candidates at the Saint Pierre technical college and R&D with specialised professional institutes and the French Agency for Energy and the Environment (ADEME).

In this way, GreenYellow will deliver benefits in three key areas:

- The shopping experience, as the shade structures protect customers from the rain and sun.
- The local economy and industrial base, thanks to the technical content of the company's systems and its potential for creating value.
- Society and the environment, in keeping with Casino's practices and the French government's targets set at the Grenelle Environment Round Table for quickly developing renewable energies.

Rallye released on 14 October 2009 its third quarter consolidated net sales

Rallye consolidated net sales reached €7.3bn, down 1.6 per cent. compared to 2008 third quarter.

Casino: Third quarter sales almost stable on an organic basis excluding petrol

During the third quarter of 2009, Casino's consolidated net sales were €7.1bn, down by a reported 1.4 per cent.. The negative currency effect and the lower petrol prices were partly offset by the positive impact of the consolidation of Ponto Frio by Grupo Pão de Açúcar from July 1st 2009. Excluding petrol sales, organic growth for the period was a negative 1.0 per cent.. Moreover, Super de Boer announced that it had received two offers from local

competitors for the acquisition of the entire business. At this stage, reported sales include Super de Boer's contribution.

In France, organic growth was a negative 3.2 per cent. excluding petrol sales, in a persistently lacklustre consumer environment. However, reported sales in France were down 5.3 per cent., a performance in line with the first-half trend. The convenience formats (Monoprix, Casino Supermarkets and Franprix) continued to demonstrate strong resilience over the period. Franprix's same-store sales were almost stable (down 0.7 per cent.) in the quarter. This solid performance, combined with faster expansion at both Franprix and Leader Price, enabled the two banners to post a combined negative organic growth of 0.6 per cent., in line with the first half trend. In an increasingly competitive environment, Géant Casino reported a 6.3 per cent. decline in same-store sales excluding petrol, continuing the trend observed in the first half. During the period, the hypermarket banner kept up its strategy of targeted price cuts. Cdiscount maintained its strong momentum, attesting to the attractiveness of its business model.

International operations continued to perform well, with organic growth at 2.9 per cent. excluding petrol, lifted by the performance of the emerging markets (up by a strong 4.0 per cent.) which now represent more than 30 per cent. of the Group's sales vs 26 per cent. in 2008¹. In South America, organic growth excluding petrol came to 5.5 per cent., led by a dynamic activity in Brazil. In Asia, sales were down by just 0.9 per cent. on an organic basis, negatively impacted by the gloomy economic environment in Thailand, while Vietnam continues to experience strong growth.

Consolidated net sales for the first nine months of 2009 were stable on an organic basis excluding petrol, reflecting the good positioning of the business portfolio characterised by a favourable mix of formats in France, a leadership in online non-food sales, and an international presence focused on high potential countries.

Groupe Go Sport: Well-resistant sales at GO Sport France during the first nine months of 2009

During the third quarter of 2009, Groupe GO Sport consolidated net sales were €188.5m, down 7.7 per cent. on a same-store basis and at constant exchange rates. In France, during the first nine months of 2009, the GO Sport banner sales were down 1.7 per cent. (-1.9 per cent. on a same-store basis and at constant exchange rates). In the third quarter, sales decreased by 5.5 per cent. (-6.6 per cent. on a same-store basis and at constant exchange rates), due to lower traffic and average basket. The volumes sold during the summer sales were relatively low, as the banner benefited from the successful commercial operations that took place before the summer, and from the spring sales. Nevertheless, the banner's results are improving since the beginning of September. Courir reported a 9.9 per cent. decrease in sales in the first nine months of the year (-12.0 per cent. on a same-store basis and at constant exchange rates, vs. a 7.4 per cent. increase in 2008). Since July, Jacques Krauze, the new CEO, is in charge of implementing a new action plan in order to revitalise the banner. In Poland, the negative currency effect hampered the change in euros in GO Sport

¹ The 2009 percentage was computed excluding Super de Boer

net sales (-13.7 per cent. in the third quarter). On a comparable basis and at constant exchange rates, sales increased by 3.3 per cent., driven notably by the success of the private label.

Investment portfolio:

The disposal program of the investment portfolio is progressing according to plan, at prices in line with the assets fair value as at June 30, 2009. As of today, more than half of the €80m disposals which were being negotiated as at end of August 2009, have been completed.

Outlook:

- Casino intends to step up its action plans with the objective to enhance its banners' shopper appeal and effectively maintain margins, in particular by moving up a gear in the implementation of programmes to cut costs and optimizing both its food and non-food product mixes. Financial flexibility will be enhanced by the improvement in free cash flow¹ generation and a €1 billion asset disposal programme to be implemented by the end of 2010. The Group therefore confirms its objective of improving the net debt/EBITDA ratio at the end of 2009 and of reducing the ratio to less than 2.2x by the end of 2010.
- Groupe GO Sport, encouraged by the good resistance of its sales since the beginning of 2009, intends to pursue the deployment of its action plan defined in 2007, aimed at improving its sales and profitability.
- As to the investment portfolio, the disposals will be pursued according to the Group's commitment, in commercial real estate by 2010 as well as in Private Equity, depending on market conditions.

Financial situation:

- In the first semester, Rallye renewed the entirety of the 2009-maturity credit lines for €280m, as well as the syndicated loan for an amount of €410m, and new financings have been obtained for a total amount of €140m. Since then, the Group kept reinforcing its liquidity situation through the successful €500m bond issue on September 18, 2009 maturing in January 2015, which also allowed Rallye to extend its debt maturity.
- As to its stake in Mercialys, Rallye sold 4.1 million shares in the market since June 2, 2009, for an amount of €98m. As of today, Rallye therefore holds 2.8 million shares, valued at €81m².
- Rallye confirms its commitment to reduce its net financial debt and noticeably improve its financial structure ratios over the next two years, notably through the ongoing disposal of investment portfolio assets.

¹ Free cash flow = current operating cash flow before tax, less capital expenditure, changes in WCR, income tax paid and net interest paid

² Valuation based on Mercialys closing market price as at October 13, 2009 (€28.87 / share)

TAXATION

The statements herein regarding taxation are based on the laws in force in the Republic of France and/or, as the case may be, the Grand Duchy of Luxembourg as of the date of this Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of, the Bonds. Each prospective holder or beneficial owner of Bonds should consult its tax advisor as to the French or, as the case may be, the Luxembourg tax consequences of any investment in, or ownership and disposition of, the Bonds.

European Savings Tax Directive

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC regarding the taxation of savings income (the “**Directive**”). Pursuant to the Directive and subject to a number of conditions being met, Member State are required, since 1st July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Directive (interest, products, premiums or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term “**paying agent**” is widely defined and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg, Belgium and Austria), instead of using the Disclosure of Information Method used by other Member States, withhold an amount on interests payments. The rate of such withholding tax equals 15 per cent. from 1st July 2005 to 30 June 2008, 20 per cent. from 1st July 2008 to 30 June 2011 and 35 per cent. as from 1st July 2011. Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of several jurisdictions (Switzerland, Liechtenstein, San Marino, Monaco and Andorra), providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Directive, in addition to the simultaneous application by those same jurisdictions countries of a withholding tax on such payments at the rates defined for the corresponding periods and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Directive.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1st July 2005.

The Directive was implemented into French law under article 242 ter of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

The Directive and several agreements concluded between Luxembourg and certain dependent territories of the European Union were implemented in Luxembourg by the Laws of 21 June 2005 (the “Laws”).

French Taxation

The Bonds, which constitute *obligations* under French law, are deemed to be issued outside the Republic of France for the purposes of Article 131 *quater* of the French *Code Général des Impôts* as construed by the French tax authorities (Rulings 2007/59 and 2009/23 of the *Direction de la législation fiscale* dated 8 January 2008 and 7 April 2009 respectively). Consequently, payments of interest and other revenues with respect to the Bonds will benefit from the exemption from the withholding tax set out in Article 125 A III of the French *Code Général des Impôts*. Accordingly, such payments do not give the right to any tax credit from any French source.

Luxembourg Withholding Taxation

There is no Luxembourg withholding tax payable on payments received upon repayment of the principal of the Bonds.

Individuals

Luxembourg residents

A 10 per cent. withholding tax has been introduced, since 1st January 2006 on interest payments made by Luxembourg paying agents (defined in the same way as in the Directive) to Luxembourg individual residents. Only interest accrued after 1st July 2005 falls within the scope of this withholding tax. Income from current accounts, provided that the interest rate is not higher than 0.75 per cent., are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed 250 euro per person and per paying agent is exempted from the withholding tax.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

Luxembourg non-residents

Subject to the application of the Directive and the Laws, there is no withholding tax for Bondholders non-resident of Luxembourg on payments of interest (including accrued but unpaid interest).

Under the Directive and the Laws, a Luxembourg based paying agent (within the meaning of the Directive) is required since 1st July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State, unless the beneficiary of the interest payments elects for the exchange of information. The same regime applies to payments to individuals resident in certain dependent territories.

The withholding tax rate is 20 per cent. (as from 1st July 2008), increasing to 35 per cent. (as from 1st July 2011). The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Corporations

There is no withholding tax for Luxembourg resident and non-resident corporations Bondholders on payments of interest (including accrued but unpaid interest).

All prospective Bondholders should seek independent advice as to their tax positions.
